Re Philadelphia airtel to the Bureau, dated 11-13-85.

For information of Philadelphia, a review of Louisville indices was negative on all individuals listed in re airtel with the exception of the following:

GUY STRAIT was the subject of Louisville file 145-315, entitled "GUY STRAIT; ITOM; OO: SAN FRANCISCO (SF file 145-669)". According to this file, STRAIT, in 1973, was well known to West Coast law enforcement due to his involvement in producing and distributing pornographic movies photographs and literature, specializing in pornography involving male participants of all ages. A master list was obtained, by a source, which listed individuals throughout the United States who were receiving pornographic materials from STRAIT. A copy of this list was sent to the Louisville Division; and, it was requested local law enforcement authorities be advised of the individuals in the Kentucky area due to some of these individuals possibly being involved in local pornographic activities and/or related crimes. After providing this information to local authorities, no further investigation was conducted.

FEDERAL BUREAU OF INVESTIGATION

Dear Mr. Strait:

You appealed from the action of the Federal Bureau of Investigation on your request for access to records connecting you with [REDACTED]

After careful consideration of your appeal, I have decided to affirm the initial action in this case. Certain information was properly withheld from you pursuant to 5 U.S.C. 552(b)(7)(C), (7)(D) and (7)(E). These pertain to investigatory records compiled for law enforcement purposes, the release of which would, respectively, constitute an unwarranted invasion of the personal privacy of third parties, disclose the identities of confidential sources and disclose certain investigative techniques. Only the names of Bureau agents were excised on the basis of 5 U.S.C. 552(b)(7)(C). None of the material being withheld is appropriate for discretionary release.

b6  
b7c

You initially requested only records connecting you with [REDACTED]. Your appeal letter expanded that request to include your entire F.B.I. file. This new request will be processed chronologically by the Bureau as if received on May 26, 1978, which is the date it was actually received by this Office.

Any request for correction or amendment of information in F.B.I. records should be submitted to F.B.I. Headquarters and should be clearly marked "Privacy Correction Request." Your letter of request should indicate the particular records involved, the nature of the correction sought and the perceived justification for the correction or amendment.

Attention: Privacy Appeal - Denial of Access

Office of Privacy and  
Information

Sir,

I have the documents sent by the Freedom of Information-Privacy Acts Branch, Records Management Division in response to my request for all documents connecting me with [redacted] a fugitive. The purpose of my request was to clear up, forever, my involvement with [redacted] since the FBI has been harassing me for the past 6 years, altho my knowledge of the whereabouts of [redacted] ceased on the same day that my home was illegally searched back in 1972.

b6  
b7C

The documents sent me are:

1) Woefully incomplete, off hand I know of at least a half dozen times where my name was connected with [redacted] by the FBI and no mention is made herein regarding this. These would be in 1977-78 and most of them would have been interviews as a result of the postal cover that the FBI has had on me here for the past 18 months. (This is nothing particularly new to me since I have been under a postal cover by the FBI for the past 10-12 years as a result of my anti-war speeches and writing. Postal covers are as much a part of a deteriorating democracy as is other losses of freedom)

b6  
b7C

2) The documents contain choice bits of fishwife gossip that I must demand either be documented or omitted: (Reference to documents is difficult since they oftentimes do not indicate origin)

a. Note on Page 3 of letter from [redacted] speaks of "Associates" of "Strait and Associates". Be advised there have never been any "Associates" of Guy Strait;

b6  
b7C

b. Again on Note of Page 3: "the two, according to Atlanta, ~~xxxx~~ associated in homosexual endeavors in the San Francisco area" This is grossly inaccurate and ties in with "Administrative" gossip to be covered infra;

c. Again Note on Page 3: As many times as the FBI has investigated itself and found no wrong-doing it would be hardly likely they would find wrong-doing in this case.

d. In correspondence from Atlanta to Director dated Dec. 15, 77. The first legible paragraph is grossly in error. [redacted] and I have never been ~~xxxxxx~~ involved jointly in pictures, or in the proliferation of anything. We have never been "associated" in anything. Many, Many times I have told agents of the FBI that all my connections with [redacted] have been much less than cordial. Frankly a visit from him was as welcome as a visit from the FBI. Only once, and that by unavoidable circumstances, have I been a visitor in his home. He has never been an invited guest in my home or office. As far as common acquaintances is concerned: I have met Mr. Hoover personally but that certainly does not mean that he and I have "acquaintances" in common. It is true, I have been as cooperative to the FBI in this matter as I know how. This is primarily the reason I cannot understand the continuing harassment of my friends, thru their contact with me, regarding a person that I have not seen nor heard from in over 6 years. It would appear that the FBI thus rewards those who do cooperate.

b6  
b7C

e. The communication from Los Angeles to the Director is probably a classic for the avoidance of fact as well as the misstatement of fact:

(e) (Continued)

(1) Car was similar in color mine a 1967, the subject's a 1973; a radio check would have disclosed that the car was registered in my name, owned without lein by me. I told the investigators that subject's car [redacted] was leased from Imperial or Imperial Valley Leasing Co. But they evidently didn't bother to check. But the ~~xxxx~~ car was not leased. If the agents had been doing any "periodic Surveillances" they would have found that only I drove the car, no other car was parked within a hundred yards, and this was out in the country so how the hell could I get to town with the nearest public transportation at least 5 miles away.

(2) The agents arrived in two royal blue ~~ambassadors~~ automobiles (the unobtrusive type), they got out of the car without looking at my car, drew their guns and came up the some 100 feet with guns at the ready. The agent denies terrorizing. They did enter my home with guns drawn except for two that one of these kept me out of my home and the other got up on roof and walked the length of the roof.

(3) The agent does not mention that he had no search warrant and that my home was searched without my approval;

(4) If the interview in the Hollywood was "brief" then I have lost all sense of time, and that is hardly likely.

(5) The agents in the raid on my home fail to mention that they told me [redacted] had named me as secretary-treasurer of a corporation, naturally without my permission. Or was this too just another "grey lie" told by the FBI.

(6) The agents at the post office do not state they attempted to entrap me by showing me the picture of one person and caliming it was another altho they did at that time have pictures of [redacted] a typical "investigative" procedure?

(7) I am not wanted by the police of Los Angeles for any charges having to do with the production of "homosexual films".

f. On FBI form from Chicago dated 9-8-76 paragraph at bottom of page is totally untrue except the statement of my being deceptive. I have no use for [redacted] I would turn him in just for kicks. That I have less use for the FBI is beside the point. but the rest of that paragraph is totally untrue.

g. I was not evasive about talking about business activities with [redacted] in Rockford (while I was in Rockford, not business relationships in Rockford). There has been 3 or possibly 4 times in my life when money, goods or anything changed hands in connection with [redacted] If the FBI wants a notarized statement to that effect it will be forthcoming.

h. The statement "He maintinas subject was never primarily active in pornography and has never prostituted young boys as his sole means of finances." is ambiguous. Re-phrase it: [redacted] was never primarily active in pornography". Strait has never prostituted anyone for any reason whatsoever." That [redacted] has done so may or may not be true

i. The statistics given for me in this report is incorrect. It states my date of birth as March 25, 1940. Should be 1920.

j. In the report from San Francisco a person being interviewed stated he had seen me "recently". This being in written on 31 July 1974, the interviewee was lying unless the blacked out portion continued to say that he had seen me in New York for I had not been in San Francisco or Los Angeles since March 1974.

k. The portion that says "Guy Straight ... will not co-operate in the location and apprehension of [redacted]" is obviously wrong. They didn't even know how to spell my name and my record of cooporation is in your hands. Quite frankly I wish I had not cooperated. The FBI has done nothing with the information I have furnished and I have definitely brought danger upon myself by co-operating.

l. In a report evidently originating in San Francisco there is a statement, made by the FBI in Court in Contra Costa County that I had gone to Sweden and "become a Swedish Citizen". This in essence is to prejudice the judge against me. There was no evidence that I had gone to Sweden, evidence in fact is to the contrary. I have not been in Sweden since 1972. And do not expect to return.

CONCLUSION:

- 1) Except for the information reiterated by the agents from interviews with me, the entire set of reports consists of innuendo and gossip;
- 2) There is nowhere in the reports any information that should make anyone believe or suspect that I am a "close friend" or "associate" or anything other than an acquaintance of the Subject;
- 3) Information not given in these ~~xxx~~ reports may hold key to the reason the FBI considers me a "good friend" of the subject or anything other than unwilling subject of subject's visits.
- 4) Information given to the Court in Contra Costa County by the FBI was prejudicial to me; I was not in Sweden and can prove it;
- 5) Were I as well versed in the ways of the FBI when all this started I would not have given the FBI even the time of day;
- 6) With the damage that has been done to me by the FBI in this matter whether I will now withdraw my offer of cooperation is in doubt. I do not know where the subject is; I have not heard from him directly or indirectly since 1973; I do not expect to hear from him directly or indirectly... But if I should there is considerable question what I should do. I know that as long as the FBI has me under a mail cover and is punishing me for knowing the man, I am under no obligation to the FBI.
- 7) That agents illegally searched my home is confirmed by their own statement and that shall be further investigated;
- 8) That the agents who did search my home in Thousand Oaks blew the case should be beyond question.
- 9) That the agent who interviewed me in Rockford and who was supposed to have written a letter to the effect that I had cooperated did not honor his obligation.
- 10) That I must now find out what else is in my file. With the ~~gossip~~ gossip and false statements and vilification contained in the documents purporting to connect me with [REDACTED] there is no telling what my personal file will show, but I have been educated to the ways of the FBI: Tell them the truth and they will never bother to investigate; they assume you are lying.

Sincerely,

Guy Strait

Re Bureau letter to San Francisco, dated 5/2/69.

Copies of reported publication were not available at the usual sources and vendors of underground newspapers in San Francisco so that the character or existence of this publication has not been verified.

Post Office Box 792 was rented in January, 1965, to GUY STRAIT who stated on his application that he was in the publishing business at 471 Minna Street, San Francisco, California, and resided at 22 Russ Street, San Francisco, California.

GUY STRAIT is the subject of a current Interstate Transportation of Obscene Matter case (Bufile 145-4234) of which San Francisco is Office of Origin. STRAIT has been reported to be a publisher of homosexual material. When interviewed on July 26, 1968, STRAIT reported that he was publishing three magazines and three "hippie-type" newspapers with the following names:

"Maverick Tribune"  
"Love Street"  
"Free Press"

It may be noted that there is a proliferation of "hippie-type" newspapers with emphasis on nudity and sex which are sold on street corners by hippie types at premium prices. The captioned publication "Haight-Ashbury Maverick" is possibly one of this type.

UACB or upon receipt of information that it is being published as a "New Left" publication, no further investigation is being conducted by the San Francisco Office.

## Synopsis:

On 11/22/68, 13 packets consisting of 71 black and white photographs of young men in homosexual poses were obtained from RALPH L. COTTON, Chief Deputy Clerk, Municipal Court, Miami, Florida, upon order of Municipal Court Judge GERALD TOBIN who ordered the photographs turned over to the FBI for investigation. Photos were obtained in a raid on a bookstore in Miami and these photos were allegedly transported by GUY STRAIT from San Francisco to Miami.

- P -

DETAILS:

Investigation in this matter is predicated upon information furnished by Miami Office that GUY STRAIT had transported obscene photographs in interstate commerce.

By communication dated December 2, 1968, the Miami Office advised that on October 15, 1968, the Miami Book and Magazine Store was raided by officers of the Vice Squad of the Miami Police Department, and 13 packets of homosexual photographs and a large number of books, magazines, and non obscene motion picture film were seized without a search warrant, and without any prior judicial decision of obscenity.

On November 22, 1968, Judge GERALD TOBIN, Miami, Florida, ordered that all the material seized by the Miami Police Department on October 15, 1968, be returned to the owner of the bookstore with the exception of 13 packets of photographs, which Judge TOBIN ordered turned over to the FBI.

Mr. Guy Strait, C-64062

A search of our records system revealed that you were the subject of two investigations: Interstate Transportation of Obscene Matter and Unlawful Flight to Avoid Prosecution. These investigations are maintained in two separate main files at FBI Headquarters.

Also located were four additional documents indexed to your name but in the files of other individuals. These references are referred to as "see" references.

Your main files and "see" references consist of 168 pages, of which we are releasing 34 pages. The remaining pages were withheld in their entirety as their release would reveal our investigative interest in third parties, the names of FBI agents and confidential source identities and information. Title 5, United States Code, Section 552 (b) (7) (C) and (b) (7) (D).

Notations citing the exemptions used to delete information from the pages being released to you have been made in the margins.

Our indices make reference to a file on another subject, in which one Guy Strait was indexed seven times. This file was destroyed in accordance with statutory provisions of Title 44, United States Code, Section 33. In view of this, we are unable to determine if the Guy Strait that was indexed in this file was identical with you.

For your information, the disposition of records, including corrections and alterations, is not discretionary with Federal agencies, but is governed by regulations issued by the National Archives and Records Service, General Services Administration.

The search for information in response to your request was limited to those records in our central records system which are maintained at FBI Headquarters, Washington, D. C. During any significant FBI criminal or intelligence investigation, all substantive information developed by one or more field offices is reported promptly to our Headquarters where it is compiled in a single investigative file. It is from such a file or files that the enclosed records were copied. If you believe additional files of a minor nature exist which may be responsive to your inquiry and which were never reported to Headquarters, you may write directly to any field office for those materials.
